He calmly surveyed the congregation. He saw that the pews in the centre of the Church were filled with many of the most intelligent of the city, but not of his faith. His mild look was on every countenance. So far as our memory aids us, we will attempt a brief synopsis of his eloquent, soul-stirring, earnest sermon.

These, he said, laying down the Bible, were the last words of command which the Christ gave to his Apostles before he entered into glory. The parting advice of a beloved father is the most emphatic of his life.

But the parting advice of Jesus was no only emphatic in itself, it was in its essence divise, and was given to his disciples as a legsey, not for that day and the next, not to them and to their age, but to all time to all peoples, and tongues, and tribes, and nations, and to all posterity in all ages.

Who is it that speaks? To whom does he speak? Of what does he speak? These are three questions which the text embodies. It is the son of the ever living God that speaks. Divinity speaks, and foretells the establishment of his church. and the preaching of the Gospel of the Kingdom of God by the voice of that church to the end of time. He was not armed in the plenipotentiary of this world. He held not his commission from the Casars. He was not clothed in the purple of Roman authority. No, the poor Nazarene was to the eye of the world weak and powerless, a registered subject of an arrogant, powerful and iron empire! So thought the scoffers and those who subsequently crucified him, pierced his side, turned traitor. Eleven were then only of hell, or error, will ever prevail.
